		Roller shutter size [cm] (including box and guides)				Box depth [mm]		Box extension [mm]		Entry of the tape, cardan A, B (fig. 1)		Type of guides (single, double)		Cutting angle of PVC guides (0 to 45 degrees)		Guide color		Color of the inspection cover		Crossbar color		Textile color		Type of curtain/ blind profile		Curtain profile color according to the template		Color of the bottom lath		Mosquito net		Manual			Spring + lock + handle		Motor		Operation (viewed from the inside)		Color of the concealed lath		Notes: e.g. color of the coiler, tape, additional elements: bolts, switches, end caps, side insulation, etc.						
		Width	Height	Left	Right			Net color	Color of the bottom lath																					Tape	Crank coiler	Crank with cardan joint	L	R					ext.	int.									

1. The width of the completed roller shutter (total width) with guides in centimeters.
 2. The height of the completed roller shutter (total, including the box) in centimeters.
 3. Size of the box in millimeters (300, 365). If the box size is not specified, the standard size is 300.
 4. Enter the size of the box extension in centimeters (7cm/ 10cm).
 5. Tape entry, type A, B (see figure 1).
 6. Specify the type of curtain guides - enter POJ (single), PODW (double, internal inspection only) or P/PD (single + double).
 7. Specify the cutting angle of PVC guides from 0 - 45.
 8. Specify colors (of the guides): white - 02, veneered (veneer colors).
 9. Specify the color of the inspection cover. Available color options: white - 02 or veneer (only for the external cover).
 10. Specify the crossbar color. Available color options: white - 02, brown - 09, anthracite - 23.
 11. Specify the textile color (03 - gray, 20 - black) - applies to SN5000 with external blind.
 12. Specify the selected profile: PA-52 (aluminium profile) or PVC-52. For C80, Z90 external blind.
 13. Color determination for the PA-52, PVC-52 profile (according to the template - enter 1 in the place of X in case of the profile without perforation, e.g. 02 - perforated white, 102 - white without perforation) or the color of the C80 profile (according to the template e.g. RAL9016 - white).
- Note! - PVC profile is always perforated.**
14. Colors of the bottom lath:
 - 01 - silver, 02 - white, 03 - gray, 05 - beige, 08 - dark brown, 09 - brown, 16 - ivory, 23 - anthracite (standard with no extra charges),
 - other varnishing colors similar to the curtain color should be indicated by the profile color symbol (except for colors 22, 30, 48, 54) and unusual colors according to the RAL table,
 - the bottom veneered lath is also available (see veneer color list),
 15. Net color (for mosquito net) - 20 - black.
 16. Color of the bottom lath (for the mosquito net) - 01 - silver, 02 - white, 03 - gray, 05 - beige, 08 - dark brown, 09 - brown, 16 - ivory, 23 - anthracite (standard with no extra charges).
 17. Drive selection (please tick 'X' in the column of the selected drive):
 - tape coiler (no extra charge) - available in white, brown, anthracite - if the coiler color is not specified, the standard color is white with a gray tape.
 18. Cassette with a gear for a tape with a crank - available in white and brown - if the cassette color is not specified, the standard color is white with a gray tape.
 19. Crank lifting mechanism with cardan joint 90.
 20. Spring lifting mechanism and cylinder lock in the bottom lath.
 21. Electric drive (if the motor is not specified - PORTOS cable motor for the roller shutter and ELERO cable motor for the blind will be selected as standard).
 22. Side of the location of the coiler (cassette, crank and switch) when viewed from the inside of the room.
 23. Select the color of the concealed lath - external/ internal - 02 - white (for the roller shutter with an external inspection cover, there is no internal concealed lath).
 24. Notes on individual items, e.g. color of the coiler and tape, their additional equipment, e.g. bolts, etc. Kit figures and sketches (all viewed from the inside), Notes can also be placed under the table.
